Weight GSM: 3.69 oz/sqyd (125 GR/SQM)

Shrinkage: +/-5%

Care instructions: 100% cotton,
Machine wash cold, Non-Chlorine
bleach, Tumble Dry

METALLIC COTTON PRINTS

Care instructions: Wash by hand and hang to dry or machine wash on delicate. Do not let fabric sit in water or in a wet machine for an extended amount of time. When ironing, please use a press cloth using medium temperature. ****WARNING**** Metallic is weak in water and will get rusty or tarnish if you leave it wet. Some ingredients that are contained in fragrances, body oil, and hair products also affect the metallic prints. To avoid the above bad effects please make sure to dry using a towel. Hydrogen peroxide bleach chemically reacts with the metallic prints and makes the cotton burn.

Do not let fabrics soak in water or sit wet in the machine for extended amounts of time.

108" QUILTBACK T-200

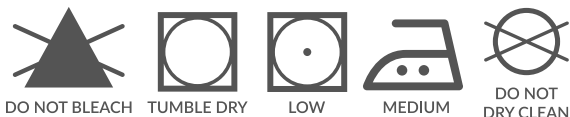

100% Cotton

Width: 108"

Weight GSM: 3.30 oz/sqyd(112GR/SQM)

Shrinkage: +/-5%

Care instructions: 100% cotton, 104°F
Degree washable, do not bleach,

WASH

OTHER FABRIC CARE RESOURCES

and suggestions from quilters here at Moda

Use Color Catchers.

Use a mild soap such as Orvus quilt soap, don't use any soap with whitener, oxy or bleach additives.

Don't use Woolite.

When washing a quilt for the first time, use cold water not hot. Take the quilt out of the washer when final spin is done. Don't let it sit wet and put it in the dryer right away.
