<b>F</b>	(1) 4 ½" square. <i>Grunge #30150- 327</i>

## Assembly

1. Begin making the block corner units using stitch and flip methods. Place (1) B square with a drawn diagonal line onto the corner of (1) A square, right sides together and edges aligned.
2. Sew along the drawn line.
3. Trim outermost excess fabric to ¼" and press to the corner.
4. Repeat to make (4) stitch and flip block corner units measuring 4 ½" x 4 ½" unfinished.
5. Begin making QST units by laying out (2) C triangles and (1) D and E triangle as shown. C triangles should be opposite one another, and D and E triangles should be opposite one another.
6. Sew together as shown, pressing toward the C triangles.
7. Sew the halves together to complete the QST unit. Press.
8. Repeat to make (4) identical QST units measuring 4 ½" x 4 ½" unfinished.

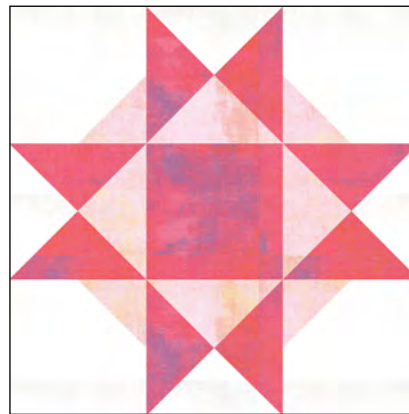

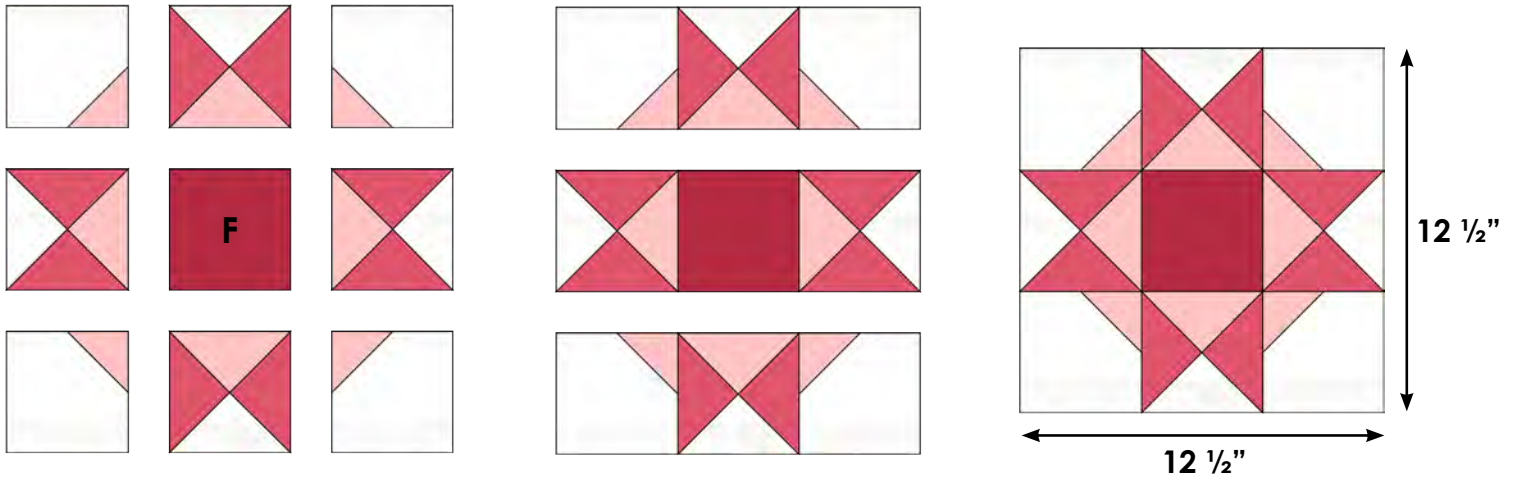

9. Begin block assembly by laying out (4) block corner units, (4) QST units and (1) F square as shown. Ensure that stitch and flip units and QST units are oriented correctly.

10. Sew together in rows, pressing away from the QST units.

11. Sew rows together to complete the block. Block should measure 12 1/2" x 12 1/2" unfinished.

## Assembly

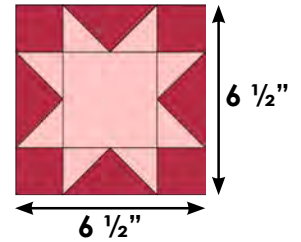

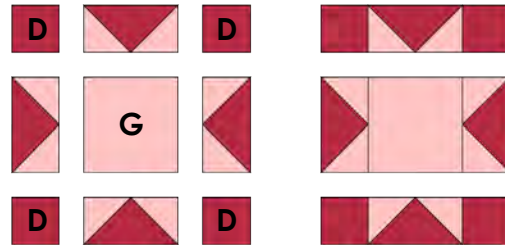

- Both small and large flying geese units are needed to create this block. Begin large flying geese unit assembly by placing (1) B triangle on either side of (1) C triangle as shown.
- Sew the B triangles to the C triangle one at a time using a scant 1/4" seam. Press toward the corners.
- Trim large flying geese units to measure 3 1/2" x 6 1/2" unfinished. Repeat to make (4) identical large flying geese units.

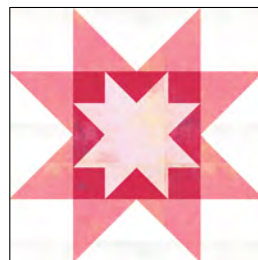

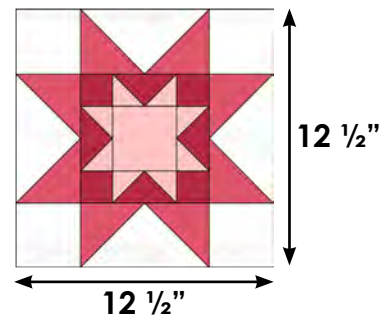

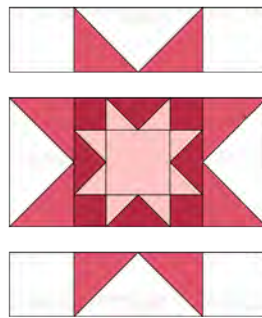

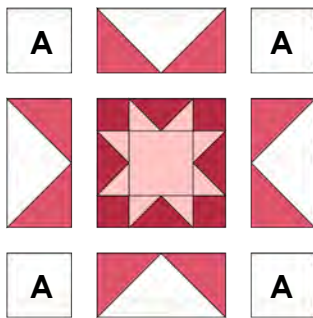

- Repeat flying geese unit assembly techniques to make small flying geese units. Gather (8) E triangles and (4) F triangles to make (4) identical small flying geese units measuring 2" x 3 1/2" unfinished.

- Complete the block center star using (4) small flying geese units, (4) D squares and (1) G square. For all seams, press to the plain squares and away from the flying geese units.
- Once complete, the block center star should measure 6 1/2" x 6 1/2" unfinished.

- Complete the block using the block center star, (4) large flying geese units and (4) A squares. Sew together in rows. For all seams, press toward the block center star and the A squares.
- Sew rows together to complete the block. Block should measure 12 1/2" x 12 1/2" unfinished.

## Assembly

**PLEASE NOTE:** Flying geese units are shown in two colorways. Both colorways are the same size. Use the following instructions to make flying geese units in two colorways.

1. Organize and separate B triangles and C triangles by flying geese colorway. Create (8) units for one colorway, and (4) units for colorway two. Choose (1) colorway to begin piecing first.
2. Begin flying geese unit assembly by placing (1) C triangle on either side of (1) B triangle.
3. Sew the C triangles to the B triangles one at a time using a scant 1/4" seam. Press toward the corners.
4. Trim flying geese units to measure 2 1/2" x 4 1/2" unfinished.
5. Repeat to make (8) identical flying geese units in one colorway, and (4) identical flying geese units in colorway two. All units should measure 2 1/2" x 4 1/2" unfinished.

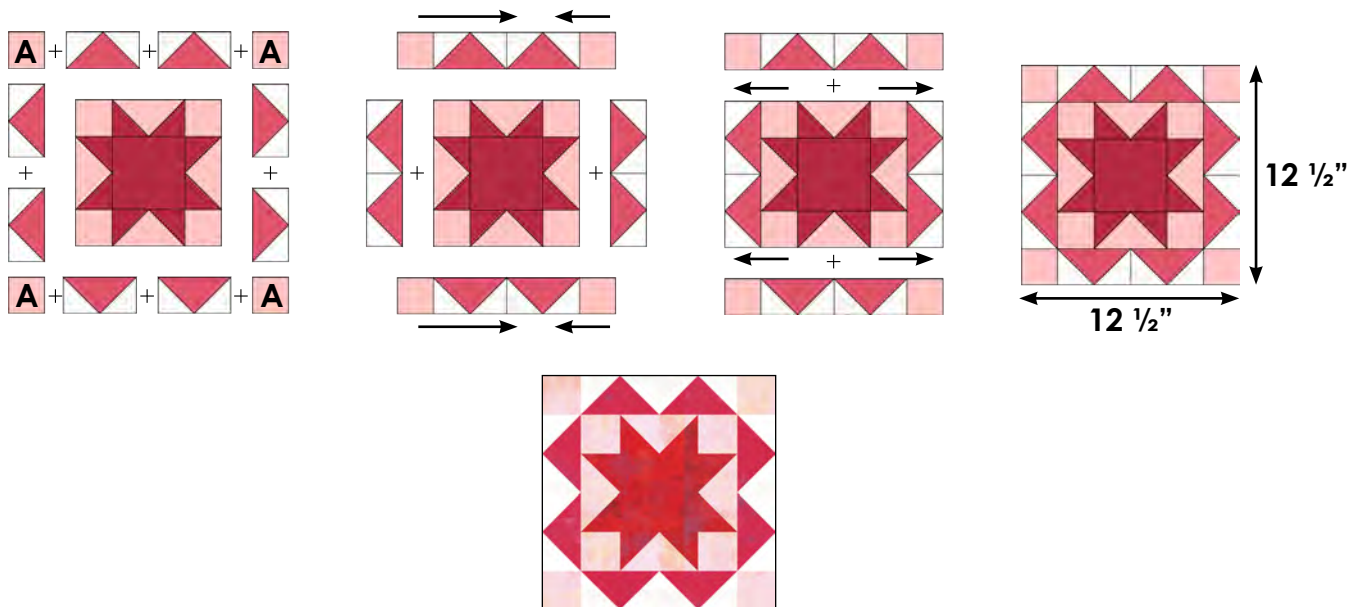

6. Begin making the block star center using (4) identical flying geese units, (4) A squares and (1) D square. Lay out as shown.

- Sew together in horizontal rows pressing all seams away from the flying geese units.
- Sew horizontal rows together to complete the block star center. Trim the block star center to measure  $8\frac{1}{2}$ " x  $8\frac{1}{2}$ " unfinished.

- Continue block assembly by placing (4) A squares and (8) identical flying geese units around the block star center as shown. Please note the orientation of the outermost flying geese units.
- Sew together in (3) horizontal rows. Arrows indicate pressing instructions.
- Sew horizontal rows together to complete the block.
- Press away from the block center star to complete. Completed block should measure  $12\frac{1}{2}$ " x  $12\frac{1}{2}$ " unfinished.

6. The block will be assembled diagonally. One section will run from the top left corner to the bottom right corner. The top right corner is a section and the bottom left corner is a section. Lay out A/B HST units, A/C HST units, D triangles, E triangles and F triangles are shown. HST units are turned throughout and colors alternated. Please note that the longest edges of the D triangles will create the sides of the block.

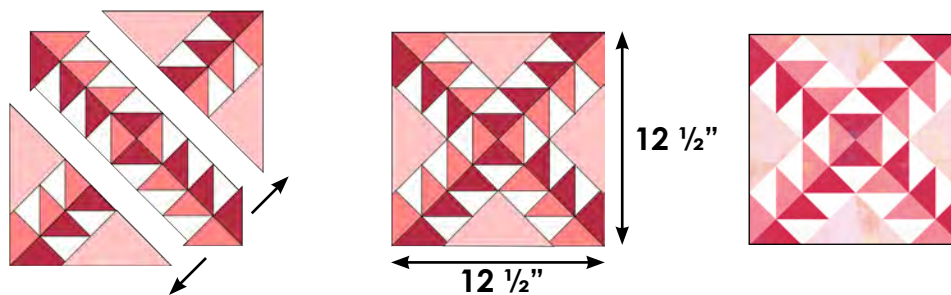

- Once you have confirmed that all units are placed correctly, begin sewing the center section together. HST units have been pressed to allow the seams to nestle. The diagrams show the center section in all stages of assembly. Arrows indicate pressing instructions, or press open.
- Sew the center section together and press thoroughly.

- Begin assembling the corner sections as shown. Ensure that HST units still alternate between fabrics during assembly. Arrows indicate pressing instructions.
- Sew the corner sections together and press thoroughly.

- Sew both corner sections onto both long edges of the center section. Use pins to help align and nestle seams.
- Once sewn, press seams outward and toward the corners to complete the block. Block should measure 12 1/2" x 12 1/2" unfinished.

## Cutting

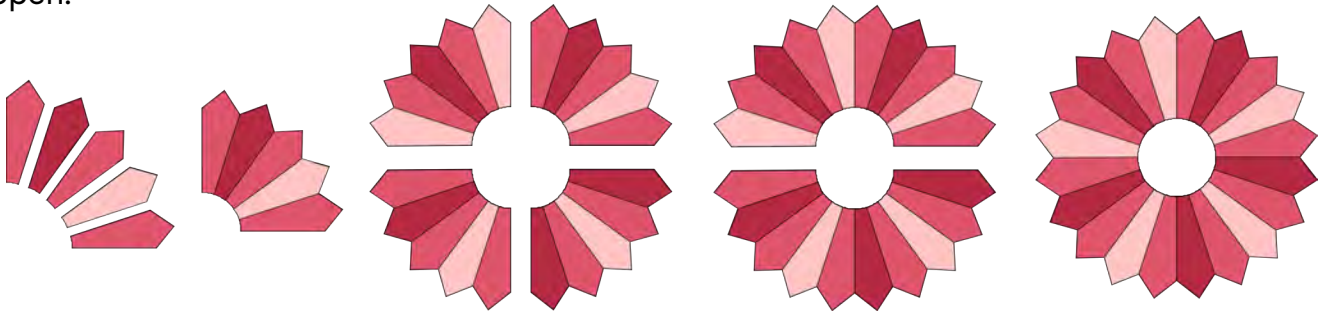

<b>A</b>	(1) 12 ½" x 12 ½" background square. <i>Grunge #30150 101</i>
<b>B</b>	(20) 2 ½" x 4 ½" assorted print rectangles for Dresden Blades. Use the Dresden Blade template provided to cut out (20) blades. <i>Grunge - 5 each of 365, 64, 10, 328</i>
<b>C</b>	(1) circle using the template provided. If you wish to complete raw edge applique, use the innermost black printed line when tracing. If you wish to complete turn under applique, use the outermost black printed line when tracing. <i>Grunge #30150 101</i>

## Assembly

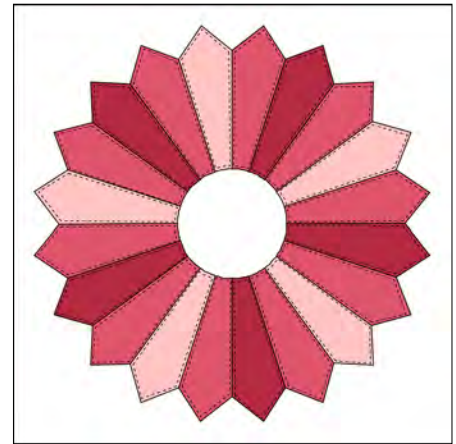

1. Begin Dresden Block by preparing the blades. Fold each fabric Dresden Blade lengthwise and with right sides together.
2. Sew along the top edge of the Dresden Blade as shown in the diagram using a ¼" seam. Backstitch at the beginning and end of each seam thoroughly to secure.
3. Use a small pair of scissors to cut a small triangle from the seam allowance on the corner where the fabric is folded. That will create the Dresden Blade's point as shown. Do not cut through the thread. Cut right above the thread.
4. Turn the Dresden Blade right side out. Use your fingers or a special tool to carefully poke the Dresden's point out for a sharp appearance.
5. Press the interior seam open to reduce bulk at the Dresden's point. Press and starch for a nice finish.

- Once all Dresden Blades are prepared, arrange blades in a circle as shown. Aim for even color and fabric distribution.
- Sew the circle together in quadrants of (5) blades each. Align the folded edges of (2) blades sewing from the top of the blade toward the bottom. The bottom raw edges will be covered upon completion of the block. Backstitch at the beginning and end of the seam to secure.
- Sew the quadrants together. You may press all seams in the same direction, or press all seams open.

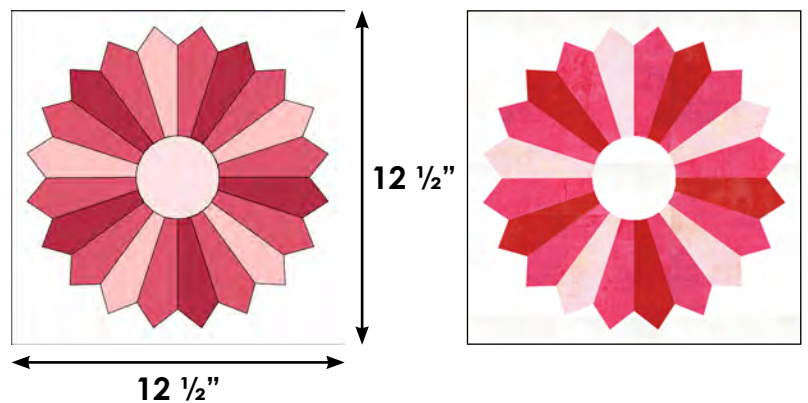

- Center the completed Dresden Plate onto the A square so that the edges of the Dresden Plate are at least  $\frac{1}{4}$ " away from the edges of the background square. Pin in place.

- Applique in place using a decorative stitch and thread color of your choice. Press.
- Prepare the fabric circle using your preferred applique method. Fabric circles can be prepared by using flip and fuse methods, turn under applique, needle turn applique, or raw edge with fusible interfacing.

- Place the prepared fabric circle onto the center of the block so that the raw edges of the Dresden Plate are covered by the circle. Pin in place.

- Applique in place using a decorative stitch and thread color of your choice to complete the block. Block should measure  $12\frac{1}{2}$ " x  $12\frac{1}{2}$ " unfinished.
